HELP STUDENTS TAKE THEIR NEXT FAITHFUL STEP

Between navigating high school, being begged to clean their room and exercising their driver's license, students are asking big questions like, "Why am I here?" For those who are considering ministry, you are in a unique position to guide them through this stage.

The Youth Theology Network is your resource for helping high school students answer the question, "Is God calling me to ministry?"

Like you, YTN is dedicated to seeing students live out their purpose, passion and calling.

THEIR NEW ONLINE HUB IS WHERE YOU CAN:

- Connect with and learn from practitioners across the country doing this important work.
- Direct students to a program that fits their individual needs and interests.
- Read inspiring stories from program alumni and leaders who represent the future of ministry.
- Find vocational discernment resources to equip both leaders and students on their spiritual journeys.
